## ORADEX TOOTHPASTE

### **Oradex Charcoal Toothpaste**

A complete care toothpaste with Charcoal properties.

- Safe Whitening - Activated charcoal brings out the natural whiteness of your teeth by binding stains, tartar, food residue, bacteria and viruses onto itself and rinsing removes them, leaving your mouth clean and free from these particles. This is the most natural way of whitening as it does not involve peroxide or bleach.
- Amazingly clean and fresh mouth after brushing. Contains a generous amount of activated charcoal that removes bad breath, leaving your mouth fresh and free of bad odours. It does this by adsorbing the VSCs (volatile sulphur compounds) produced by oral bacteria living above and below the gum line.
- 3X Anticavity protection combines xylitol, fluoride and hydroxyapatite to remineralize and strengthen the tooth enamel.

[Size: 120gm]

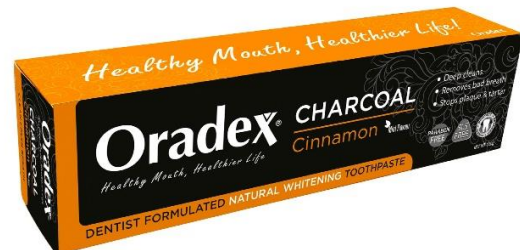

### Two variants:

Oradex Charcoal Green Tea Toothpaste  
*Great tasting with a hint of green tea.*

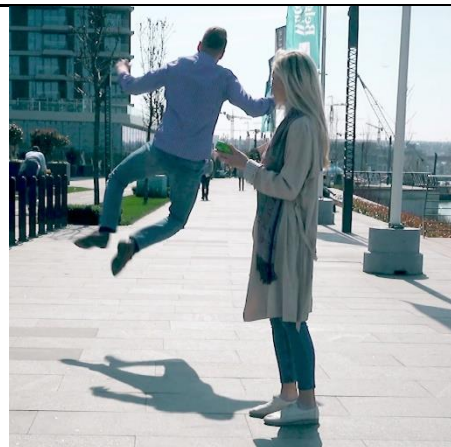

Oradex Charcoal Cinnamon Toothpaste  
*For the health condiment aficionado.*

## Oradex Periodontal Toothpaste

A multifunctional toothpaste that strengthens teeth and gums.

- Anti-cavity: Dicalcium phosphate dihydrate (DCPD), fluoride (1000ppm) and a pH-balanced formula protects and strengthens teeth. DCPD has properties that seals exposed dentinal tubules while the alkaline leaning formula neutralizes acidic erosion of the enamel. Ideal for people with sensitive teeth.
- Anti-gum recession: Hyaluronic acid and panthenol restores and nourishes gum tissues, making them stronger with improved gum integrity.
- Safe Ingredients: In addition to Oradex's *standard free from substances*, this toothpaste has no artificial colours and no artificial flavours.
- Flavour: Natural, refreshing peppermint essential oil. [Sizes: 175 | 100gm]

## Oradex Antibacterial Toothpaste

A complete care toothpaste with Antibacterial properties.

- For bleeding gums and infections. CPC is a broad-spectrum antiseptic that fights gram+ and gram-bacteria, viruses and fungi. Combined with natural antibacterial green tea extract, this formula helps reduce dental plaque that causes bleeding gums while simultaneously reducing viral/bacterial/fungal load in the mouth.
- Contains fluoride for anticavity protection.
- Safe Ingredients: In addition to Oradex's *standard free from substances*, this toothpaste has no artificial colouring (translucent gel).
- Spearmint flavour. [Size: 120gm]

## Oradex Antioxidant Toothpaste

A complete care toothpaste with Antioxidant properties.

- For gum care and treatment of red puffy, inflamed gums. A unique combination of two powerful natural antioxidants, grape seed and astaxanthin, fights inflammation by enhancing the salivary defense system against harmful free radicals, reducing oxidative stress on the tissues in the mouth.
- Contains fluoride for anticavity protection.
- Safe Ingredients: In addition to Oradex's *standard free from substances*, this toothpaste has no artificial colouring. The toothpaste is naturally pinkish in color from the astaxanthin.
- Mint flavour. [Size: 120gm]
